

Girl Scouts of Northeast Texas

STEM Center of Excellence

Field Trips

Robust STEM and Outdoor programming for girls and boys in K-12 at our 92-acre camp.

Spend a Day with Us!

What will we learn?

At the STEM Center of Excellence, your students will experience hands-on, collaborative STEM programming that will spark their curiosity in the world around them, bring the classroom to life and encourage creative problem-solving.

Who can come?

Field trips can be scheduled for up to 120 students, K-12, Monday-Friday.

What about teachers and chaperones?

Teachers/chaperones will receive free admission. A 1:8 ratio is required.

What about lunch?

Students and teachers/chaperones must provide their own lunch.
